

Children's Ministries at WCUC

Our staff and volunteers offer themselves as partners with you in the spiritual development of your children.

Our emphasis is on learning, worship and service in an environment where children feel safe and loved.

Our Sunday School Model: Our multi-age class meets September-June, excepting the first Sunday of each month. Children begin their Sunday morning in worship with their families and then move downstairs to engage with biblical storytelling in a dynamic and multi-sensory curriculum designed to inspire joy, wonder, and creativity for all ages. Nursery care is available for children ages four years and younger.

Welcoming All Ages and Abilities in Worship: On the first Sunday of the month, all ages worship together in a communion service designed for every age and all abilities. We invite you to witness the blessings of doing things together, and we welcome your help in making our shared worship a holy experience for everyone. In addition, we have a wide variety of worship resources, sensory tools, and activity stations within the sanctuary that we provide for all to access.
